

Insect-a-clear

Nano H30 & H72

The Nano H30 & H72 are professional UK manufactured High voltage grid insect control machines that are suitable for restaurants, kitchens, food shops etc. where flying insects pose a problem.

After the insects have been attracted by the high output UVA lamps, and killed by the high voltage grid, they can be quickly and hygienically disposed of in the large catchment tray.

With a 5 year guarantee, competitive pricing and the option of white or stainless steel, make this a very popular model.

The following features are incorporated on the *Insect-a-clear* Nano H30 & H72

Made for wall mounting, suspending or free standing.

Available in white or 304 grade stainless.

Shatter resistant lamps fitted as standard.

Comes complete with a fitted plug.

The 'lift and lock' front guard enables tools free servicing.

Quick removal of high voltage grid - no tools required.

CE approved

Screw kit supplied for wall mounting.

5 year guarantee (except lamps & starters) Terms and conditions apply.
